WMO is an International organization that has organized a unique series of multi-cultural, interdisciplinary symposia around the globe.

These symposia are exclusively designed to gather outstanding professional competencies such as international mediators and academics from Asia Pacific, US and Europe, to share with and to communicate knowledge with the audience on conflict resolutions.

The WMO Symposium will be bringing together some of the greatest visionaries and forward thinking mediation experts from across the globe including international organizations, peace movements, lawyers and legal representatives as well as NGO's and government representatives. This year WMO will celebrate it's 10th anniversary and the Symposium will be held in Bangkok for the first time.

Save Time

THAC is committed to assisting parties in resolving the dispute by providing an alternative to court litigation. Arbitrators will act as an impartial, third party decision maker. Arbitration can be faster than litigation and the decisions are final, binding and enforceable almost anywhere in the world.

Save Cost

THAC maintains an extensive roster of arbitrators with highly specialized expertise in many diverse professions, who have received training on international arbitration rules and procedures. This contributes to an accurate and effective solution in a timely manner, while ensuring that the process remains cost efficient with fees that are more economical compared to the counterparts in other countries. THAC also provides a wide range of facilities that offers a comprehensive services to facilitate and speed up the process.

Save Relationships

Conflicts that are resolved constructively and effectively will provide all parties the chance to preserve their business relationship, which may also open the door for them to discuss about future relationship and business cooperations.

One of the main advantages of arbitration is in the parties' freedom to choose the arbitrators. This means that the decision makers will be those who possess relevant experience or expertise. The expertise of the arbitrators will translate to the quality of the process and its outcome. Moreover, the parties are free to agree on the arbitration procedure, allowing for higher flexibility.

THAC arbitration center under the leadership of Mr. Pasit Asawawattanaporn, the managing director, is committed to support, promote, improve and provide dispute resolution services that comply with international standards, in line with our intention: "Determination, Information, and Possibility".
